Telegrams—"ANTI-DRIP," LONDON.

WM. DUNCAN TUCKER & SONS, Ltd., Manufacturers,

STAFFORD HOUSE,
27, CANNON STREET,
LONDON, E.C.

WE have the pleasure in submitting our New and Revised Catalogue of Improved Wood and Iron Portable Buildings, Stables, Billiard Rooms, Bungalows, etc., etc.

The Illustrations in this Catalogue are specially designed by us, and we manufacture every description of Wood and Iron Buildings.

For the convenience of our clients, we have recently opened Show Rooms and Offices in the centre of London, and we should esteem it a favour if you would call when in Town.

Our Works at Tottenham cover a ground space of nearly six acres. Pages 6 and 7 give you an illustration of the exterior and interior of our Mill, in which the Timber is converted into various sizes, fitted up with a very extensive plant of the latest improvements in Sawing, Moulding, Planing and Joinery Machinery.

The Mill is the largest of its kind in the trade around London.

The Material used in the manufacture of Portable Buildings, &c., is of the best quality. Timbers are all placed in extensive **Covered Sheds** thus being thoroughly seasoned in a natural way. Inspection invited.

WM. DUNCAN TUCKER & SONS, Ltd.

All Goods delivered Free on Rail or Wharf, London, unless otherwise contracted for.

Terms—Nett Cash on receipt of Goods. Payment on account as Work proceeds and on completion of Contract.

PLANS AND ESTIMATES ARE PREPARED FREE OF CHARGE.

Ladies and Gentlemen waited upon in any part of the country on receiving a few days' notice to take particulars and give advice.

NOTE.—The Prices included in this Catalogue are exclusive of Brick Foundations.

= = PLANS OF BRICKWORK, &c., ARE PREPARED GRATIS. = =
